8th Sino-German Controlling Forum: "Navigating Business in Difficult Times"

September 11th 2020

8:30 AM - 5:30 PM, Suzhou

About

The Sino-German Controlling Forum wants to raise awareness for the role controlling plays in an organization and stimulate the exchange of the latest controlling trends and approaches among the Sino-German business community. Taking place since 2012, the Sino-German Controlling Forum is a full day conference of key note speeches, focus sessions and networking opportunities. It is designed as a platform of networking and exchange for both financial and non-financial executives and professionals from the industry (manufacturing, automotive, chemical, etc.) who would like to improve their controlling practice to support future growth and performance excellence in China.

- Raise awareness for the role controlling plays in an organization
- Support the improvement of the controlling practice in China
- Exchange latest controlling trends
- Engage with industry experts in the Sino-German business community

Join us for the 8th Sino-German Controlling Forum 2020 to explore new trends, network with likeminded professionals, exchange visions – and leave inspired.

Target Group

CEOs, CFOs and finance & controlling managers & professionals from mainly German-invested companies with a high share of participants from the industry
